

Thank you for your interest in Cassidy Haley Productions,
Extraordinary Event Entertainment for all your wildest ideas!

We specialize in immersive entertainment concepts facilitated for event planners and producers to bring their clients vision to life by our outstanding specialty performers presented in avant-garde, custom-made costumes tailored specifically for each event.

PRICING

Our pricing is based on a number of factors including scope of event, location/ timeframe, type of specialty act and complexity of costuming and activation. Most of our performers are equally talented regardless of specific craft and fill multiple roles, so we generally charge the same for each type of act focusing on Stilt Walkers, Jugglers and Showgirls.

We generally provide 1-3 sets of 20-45 mins (about 1 hour total) over the course of up to 3 hours with performer rates varying by location and including a 20% mgmt fee and custom costuming fee ranging from \$300-\$800.

For events with multiple performers or a higher complexity of execution, we will bring in an onsite producer. Makeup artist, choreographer or onsite wardrobe may be necessary as well.

plus 20% mgmt fee and costuming.

PROCESS

Our sales process starts with a discovery call where we go over all your event entertainment logistics, needs and ideas. Together we come up with a unique concept just for you. This is turned into a proposal for you to approve with concept art and reference images.

Once we have a final approved concept, we sign a contract and take a 50% deposit to secure the date and confirm talent. This begins the production phase of fabricating costumes and organizing run of show, with updates along the way.

On the day of an event, we arrive 1-2 hours ahead of "showtime" and receive the balance payment on arrival. We will need a secure room to change and leave our belongings plus chairs for each performer, a table and water. Our talent and team is always warm and friendly and brings a light-hearted cheeriness to every event.
